■ Sagar Institute of Technology (SITECH)

EAMCET CODE : SAGR

SITECH has the benefit of in-house industry association in software, cement, power, infrastructure, hospitality etc. It is promoted on the lines of Indian Institute of Technology (IIT), by providing world class infrastructure, invigorating

learning environment, motivating expert faculty and extensive industry network for practical learning atmosphere. *Aims to create Global Entrepreneurs who create jobs and not mere job seekers.*

Courses offered:

- Civil Engineering
- Mechanical Engineering
- Electrical and Electronics Engineering
- Electronics and Communication Engineering
- Computer Science Engineering
- MBA

“Felt great to see the excellent infrastructure and a great feeling to interact with eminent staff and nice to meet happy students.”
- Sri. CS Reddy, IPS, IG of Police, CID, Govt. of A.P.

“It was a delight to interact with the bright young minds that represent the future of our country. I wish them all success.”
- Sri. Anthony, Director, UNIDO, South - South Cooperation, New Delhi.

Salient features of SITECH

Excellence in Academics & Research: Excellent and well reputed faculty are driving the academics. Continuous hand holding of the students to reinforce the learning is the unique feature of SITECH. Courseware from National Project on Technology Enabled Learning (NPTEL) developed by IITs and IISc also used for benefit of the students.

Innovation Centre: To invigorate creative skills of the students, an innovation centre is set up to facilitate hands on work in R&D activities under the guidance of expert faculty and experts.

Extra Curricular Activities: Extra curricular activities are facilitated through various clubs viz., NSS Club, Cultural Club, Innovation Club, Club for Competitive Examinations etc.

Sports: Balanced development of academics and Physical activities is our aim. Good sports infrastructure is available for use of the students. Modern Gymnasium is available for toning up their physical fitness.

Employable Skills Development: To impart a right mix of inputs for emotional balance, personality development, theoretical & applied managerial skills, *Global Academy of Life Skills Development (GOALS)* is set up as a unique facility in the campus. The Academy makes the youth employable and well rounded persons. *Guidance is also provided for getting into Higher Civil Services such as IAS, IPS, IFS etc.* The students are enabled to learn French and other languages to reinforce their life skills and global positioning. IL&FS a premier consultancy agency has signed an MOU with SITECH for soft skills training and hand holding of the students from 2nd year onwards.

Industry Interface

Core strength of the Institution is its captive industry. Group companies in Cement, Manufacturing, Construction, Hospitality, Pharma, IT etc, ensures summer internships and final placements.

MOU with Alcorn State University, USA. Agreed to work closely in business management and advanced technology systems. Teleconferences and joint seminars, semester-long study abroad, exchange of students, faculty exchanges are on the agenda to enhance the competitiveness of the students.

“I unhesitatingly declare that this institution will emerge as a true centre of excellence.”
- Sri. Jebamalai, Former Principal Advisor to Director, UNIDO, VIENNA and Visiting Research Fellow to University of Malay, KL, Malaysia.

The Campus

Flame of the forest: 50 acres Campus is located at a healthy and picturesque location called “Flame of Forest” at about 40km from Hyderabad, Andhra Pradesh, India.

Library: SITECH has an excellent and uniquely designed library which is the pride of its students. It is one of the finest libraries stocking books and journals both in physical and digital form with students having complete access to its facilities.

Classrooms: Specially designed classrooms ensures participative learning. All the classrooms are equipped with latest communication equipment.

Computer Centre: 24x7 computer facility is available for the students. The hostel student can use the facility to pick up extra technical skills.

Communication Lab: SITECH is provided with the best communication lab and students are groomed in toning up their communication skills.

Laboratories: SITECH is provided with the best of the laboratories such as Physics, Chemistry, Machines Lab, Electronics Devises Lab, Hydraulics Lab, Civil Lab, Materials Testing Lab etc. Experienced teachers will be helping the students to learn practical aspects of the technical issues in these Labs.

Hostels: We believe that students learn as much from their group work and mutual interactions as they learn in the classroom. Hostels are available on First come First basis and it is advised that students should avail this to make use of the innovative extra-curricular activities. The hostels have sharing accommodation with common meeting & recreation rooms. *Separate blocks are provided for boys and girls.*

Placements

SITECH firmly believes in the importance of practice in addition to the rigorous curriculum to make the learning experience truly rewarding. So, by design, there are many individual and team based projects embedded in the curriculum apart from the summer project. There is dedicated placement team working right from 2nd year onwards so as to ensure final placement in good industry. IL&FS is working with SITECH in providing additional technical skills and network with industry for ensuring placements.

Canteen: A sprawling canteen with modern kitchen is available with WiFi connectivity.

Transportation: Bus facility is available from all parts of Hyderabad city and surrounding areas of the campus. *Students can avail free transport from Chevella to the Campus.*

“It is amazing that so much infrastructure is brought up within one year. With the availability of bright faculty, it has a great future.”
- Sri. GRC Reddy, Former Director, NIIT, Calicut. Presently Head of the Department
